The discussion sections were always tailored to what we were having trouble with, or needed more clarification on. Sometimes he would rearrange the schedule in the middle of discussion to answer questions. There were a lot of group activities, which was helpful.

I thought that the discussion sections were great, especially because Brandon focused on what we actually needed to go over. The exercises he prepared for us were challenging but illuminating. It was a good time to practice what we were learning in class.

TA discussion sessions

He was very helpful and did a good job explaining difficult concepts and answering questions during his office hours.

Brandon was able to explain some concepts that [REDACTED] couldn't explain well, which was really helpful.

He was extremely willing to work with students to help them understand the material. It very much seemed like he wanted us to succeed.

He really helped bridge the gap between the theoretical material we learned and the on-the-ground applications in our assignments. He also gave helpful simplifications of the more complex concepts we learned in lecture.

Brandon was thorough and worked very hard to make sure we covered

Brandon was wonderful and was really good at explaining things so that we could understand them and answering question both in office hours and discussion

Explanation and good relationship with the students.

What could she/he modify to help you learn more?

Comments

Maybe explaining the logic behind the grades on our homework more. Sometimes I didn't understand why I received the grade I did.

Honestly I think that Brandon should've been leading some of those classes!

Studies and linguistics talks
The discussion section was sometimes useful, but usually not so much. I kind of dreaded going to it.
n/a - participating in a study and/or going to a talk. Subscribing to the uclinguist listhost was SUCH a good idea and I will continue going to talks in the future!
Brandon was the best!
