Brandon seemed to know what he was doing, and tailored his approach to the strengths / weaknesses of the class
He's super super kind and answered questions promptly over email. He truly tried his best and you can tell that he cares a lot about the students.
Made good comments in class, did a good job of explaining concepts that were unclear in lectures
Brandon is amazing. I've never had a TA who cares as much as Brandon does. He really goes the extra mile trying to help the class out (like with the midterm project and the dreaded phonetics quizzes) and it's great!!! seriously brandon is the best. he also facilitates good/fun discussion sections. and he's super available/helpful outside of class!!! 10/10 brandon is the bomb.com
He was really good at explaining difficult concepts in lecture and reading, and also did so much work to make our midterm easier. Brandon is the best!
His availability outside of class was great, and he was very approachable!
Brandon is so great-- he always responded to messages/ any questions asked. He also went out of this way to make sure that we were well-prepared for all of the assignments.
Extremely open to questions and responded with insightful and timely advice.
Brandon was so willing to help people understand it was almost comical. He is very sweet and one of the best TAs I've had.
Brandon was, as always, amazing. He targeted his teaching very closely to student concerns, made sure we understood what we needed to, and helped us navigate not-always-clear expectations. Brandon approached every day of class with warmth and care!
Brandon was amazing! He helped a lot regarding our midterm project and homework assignments during discussion periods, and was always available outside of the class. I am pretty sure I would have struggled a lot more if it wasn't for Brandon's tips and tricks regarding our assignments.
Brandon was great, always available to help and very insightful with his help. His coordination of the midterm project data was excellent.
Brandon was always very willing to explain/re-explain whatever I was confused about in the class
Brandon is an incredible TA. He was always available during discussion and over email and really cared about helping us learn. He provided a lot of resources for us and help when necessary and is overall great!
I loved Brandon! He was always really excited about teaching us during discussion sections and was very approachable, so I felt comfortable asking questions. He also replied to e-mails very quickly with really informative and in-depth responses, which really helped to answer a lot of the questions I had about the material. He's genuinely one of the nicest faculty members I've met on campus, and he was a fantastic TA!
He was really patient and helpful. He usually figured out where we had gotten stuck or confused really quickly and knew how to nudge us back in the right direction. I also really appreciated his timeline's for what things needed to get done for the midterm and around what time we should do it.
